

Shreya Kuthpadi

Edison, NJ 08817 • shreya.kuthpadi@rutgers.edu • 848-246-6678

Education

Rutgers University

B.S Computer Science, B.S Mathematics

Relevant Coursework: Discrete Structures I, Data Structures, Differential Equations

New Brunswick, NJ

May 2029

Middlesex College

A.S Mathematics

Edison, NJ

June 2025

Edison Academy Magnet School

Mechanical Engineering

Edison, NJ

June 2025

Experience

AI4ALL

Ignite Scholar

- Completing intensive coursework in machine learning, Python, and AI ethics
- Collaborating in teams to analyze datasets, and present findings through an AI project
- Explored bias, fairness, and real-world applications of AI

Remote

May 2026 – Present

Grotto Engineering LLC

Engineer Intern

- Grotto Engineering provides professional services with their team of CAD technicians, engineers, land surveyors, municipal planners, and environmental specialists
- Used AutoCAD to create a pipeline network for local township, calculated measurements, and used Excel to track them

Clark, NJ

April 2025 - May 2025

Work Truck Solutions

Market Research Intern

- Work Truck Solutions is a powerful marketing tool to display and advertise commercial vehicles online
- Focus was on Comvoy (national marketplace for inventory), gathered and analyzed data that was used to create a website
- Researched and compared data regarding electric and alternative fuel vehicles, use cases, and configurations
- 7 hours of work each week, 180 vehicles researched, 6 alternative fuel types analyzed

Remote

June 2023 - August 2023

Leadership & Activities

Learn To Be

Volunteer Tutor

- Tutored students from underserved backgrounds in mathematics
- Developed personalized lesson plans to improve student comprehension and performance

Remote

June 2022-June 2025

Best Buddies

Intern

- Supported programs promoting inclusion for individuals with intellectual and developmental disabilities
- Contributed to outreach and fundraising initiatives, including Champion of the Year events

Remote

June 2021-June 2025

Awards, Projects, Certifications

- FBLA New Jersey — Financial Statement Analysis Finalist (2024)
- Rutgers High School Science Competition — Finalist, “The Synergy Between AI and Solar Power” (2024)
